

## 3rd World Congress on Neurology and Mental Disorders April 18-19, 2022 Virtual Event

**On behalf of Organizing Committee**, we take the pleasure in inviting you to attend the “**3rd World Congress on Neurology and Mental Disorders**” during **April 18-19, 2022** virtually. The main theme of the conference is “Explore the Novel Therapies in Neurology and Neuro Studies”.

**World Neurology-2022** seminar aims in proclaim knowledge and share new ideas during this pandemic not to have any travel plans as the pandemic is not getting completely eradicated. It's better to stay safe at home and the professionals, industrialists and students from research areas of Neurology can share their research experiences and indulge in interactive discussions and special sessions at the event virtually from home or from their office.

This virtual conference invites participants to discover the various partnerships across the border and cross-sector collaborations that are essential to accelerating systemic change once the pandemic gets eradicated.

World Neurology-2022 aims to give a concrete base to your hi-tech visions by expecting participation of 100+ notable minds under one single roof!

***So my dear participants better stay home relaxed have a cup of coffee and join our virtual event***
